

Spend a day at CPL Aromas's UK Creative Centre in Bishop's Stortford.

Saturday August 3rd 2019

Courtesy CPL Aromas Ltd and Alan Orbiston

Innovation House,
97 London Rd,
Bishop's Stortford
CM23 3GW

- Assess your sense of smell by taking part in a standard smelling test.
- Tour the creative & evaluation facilities.
- A talk will be given on the GCMS analysis of hop headspace, with the opportunity to smell some of the key chemical components
- Smell some of the chemicals that contribute to the off notes in Beer.

The numbers must be limited to 20 so look out for an invitation via the usual Groupspaces email soon. Please only respond if you know you can make it.

We will need to bring our own food for lunch. There are microwave ovens if food needs to be re-heated.

I also suggest that we organise members to bring mini-kegs so that we a suitably refreshed.

Agenda

- 1) Introduction
- 2) Smelling Test
- 3) Tour of the Facilities
- 4) Altbier Challenge

Lunch

- 5) GCMS Headspace Analysis of Hops
